Young Savers Account – for savers under the age of 18

If you are a parent, grandparent or Guardian – then why not set up a young savers account to help your child/grandchild to save for the future. Encouraging children and young people to save responsibly to achieve their goals can help to set them up for a much brighter future.

Saving with our Junior Account is very flexible: the young person may save alone, or adults may pay into the account and encourage their children/grandchildren to 'top-up' their savings occasionally with birthday/Christmas or pocket money.

Payments can be made by cash into any of our Collection points or why not set up by standing order – the choice is yours!

There are many benefits of encouraging our children to start Credit Union Saving.

- They will acquire the saving habit which will benefit them in their future lives.
- They can save as much or as little as they choose.
- The money is available for withdrawal on a few days notice and cheques can be cashed at a local post office of your choice. Please note that withdrawals must be made by the appointed adult until the child reaches the age of 18.
- They will earn annual interest on their savings.
